First of all, I want to tell you that you have some of the best men in Norway working for you! The two Latvian guys were terrific. I don't think they even took a break during the whole day. They were just a pleasure to spend the day with and had much good humor!!! I would love to get their first names as Ida (my husband's daughter) and I want to recognize them by sending a letter to the Moss Avis highly recommending Multidrift.

I still have a small job left at Kleberget. Outdoor furniture set - 7 pieces - to be moved from Kleberget to Larkollen. Is it possible to get an hour in sometime Monday or if necessary later. I could take anytime, with last minute notice. Let me know as soon as possible.

Thanks,

Julie Erickson
